**Project Description** (attach additional pages if necessary)

This Project consists of a clubhouse and landscape features for the Mosholu Golf Course, a Wetland Cell System which filters storm water and groundwater for re-use by the golf course irrigation system, and Security Features which protect the adjacent DEP Croton Water Treatment Plant facility. The entire site is located within Van Courtland Park and the aim of the project is to integrate the new facility into the surrounding landscape. Design & construction of the project is required to comply with New York City Local Law 86 as the energy performance benchmark and must qualify for LEED Silver certification or higher. All construction trades will be required to contribute to the energy performance, sustainability, and LEED goals of the project.
